

Lost

Tristania

Hard...
I'm harder than the life i've lived
Strong...
I'm stronger than the pain you give
It's lost
So lost
The life you live I see the lies
The world you're in
The darkside of the smiles you give Whenever you would like to be free
I'm anyone you like me to be
I'm gone
I'm gone Old
I'm older than the years I've lived
Cold...
I'm colder than the smiles you give
How long will you be lost, my dear
My life has been the dreams you says I'm living in
When will you give in??
