## Ages

## Kosheen

15 years of precious time behind us
7 years before our child is gone
Everything precariously balanced
The slightest press can turn it upside downAnd it took us ages
To create

And we fill up the pages Take it down in a day

Take it down in a dayIn a day you smell eternal summer
In a day the winter had begun
In a day I became your lover

In the morning all the rest will be goneAnd it took us ages

To create

And we fill up the pages Take it down in a day

Take it down in a day15 years of precious time behind us
7 years before our child is gone
Everything precariously balanced
The slightest press can turn it upside downAnd it took us ages

To create
And we fill up the pages
Take it down in a day
Take it down in a day
