

# My Love For You Is Real

[Ryan Adams](#)

My love for you is real  
It moves like the summer breeze  
My love for you is strong  
Lord, it brings me to my knees  
It was born in the wild  
It's river long, rock strong  
True and wild as hell  
Honey now, my love for you is real  
My love for you is calm  
Candy sweet and thunder strength  
My love for you is wild  
It breaks a locket's [Incomprehensible]  
My love for you is long  
It crossed the oceans on a sail  
My love for you is true  
Meanings change but not the tale  
It was born in the wild  
It's river long, rock strong  
True and never [Incomprehensible]  
Honey now, my love for you is real  
Oh, it's real, oh, it's real, oh  
Honey now, my love for you is real
