

Elysium

36 Crazyfists

And in the harbor she sleeps
On her anchor waiting direction
Then through the storms we align
Life and search forever afterSo we gather our way to
Answer all of our failures
(Failures)
With hope and redemption
Rest inside the flames
Just continue the chaseThrough the darkest
Across the mouth
And into this ocean
We see through skin
To never forgetWhen all hope is lost
Hearts turn to lock
Set your sights to improve
Set your sights to improveWe gather our way to
Answer all of our failures
(Failures)
With hope and redemption
Rest inside the flames
Continue the chaseThrough the darkest
Across the mouth
And into this ocean
We see through skin
To never forgetWhen all hope is lost
Hearts turn to lock
Set your sights to improve
Set your sights to improveDon't let the lights turn out
This watery grave
Inside every page
Avoiding, avoidingDon't let the lights turn out
Don't let the lights turn out
Don't let the lights turn out
Don't let the lights turn outAcross the mouth
And into this ocean
We see through skin
To never forgetWhen all hope is lost
Hearts turn to lock
Set your sights to improveAnd rest inside the flames

Rest inside the flames
Rest inside the flames
Rest inside the flames
