

More Boys I Meet

Carrie Underwood

This boy here wants to move too fast
He sees my future as havin' a past, well
I don't think so, I don't think so

That boy there, well he's playing the fool
He thinks he's funny and he thinks he's cool, well
I don't think so, I don't think so

Cheap date, bad taste another night gone to waste
Talking about nothing and so many words
It's not like I'm not tryin'
'Cause I'll give anyone a shot once
And I

I close my eyes and I kiss that frog
Each time finding
The more boys I meet, The more I love my dog

Here's this guy, he thinks he's bad to the bone
He wants to pick me up and take me home, well
I don't think so, I don't think so

Cage fights, Playstation, X-games raid a nation

Over sized pants with an ego to match
It's not like I'm not tryin'
'Cause Ill give anyone a shot once
And I

I close my eyes and I kiss that frog
Each time finding
The more boys I meet, The more I love my dog

Why can't they be like the ones that mean everything to me,
Warm and loyal, open and friendly
It's not like I'm not tryin'
'Cause I give anyone a shot once

I close my eyes and I kiss that frog
Each time finding

The more boys I meet, The more I love my

I close my eyes and I kiss that frog

Each time finding

The more boys I meet, The more I love my dog

The more I love my dog
