

Much Too Soon

Michael Jackson

She was there just sitting at the table
Thinking out that things won't be the same
And wouldn't you like to go with me
And she answered no to me
But I guess I learned my lesson much too soon I never thought she'd leave me here forever
But who knows just what the future brings
And wouldn't you like to go with me
And she answered no to me
But I guess I learned my lesson much too soon Take away this never ending sorrow
Take this lonely feeling from my soul
If only I knew what things to bring tomorrow
She'd be sitting here beside me
And my heart would fill with gold
Da-na nah nah nah nawe I hope to make a change now for the better
Never letting fate control my soul
I hoping that my prayers will see
The day that you'll come back to me
But I guess I learned my lesson much too soon... Yes I guess I learned my lesson much too soon
