Jack & Jill

Numatik

Girl close your eyes, got a surprise
Don't run and hide, let me take you on rideFirst, we'll go to Cleveland
We'll kissin', huggin' is what we'll do
Next, we'll go to Miami
And make it hot and steamy, please believe meNext, we'll go to NY
And with your thighs, I'll treat you like the queen
Next, we'll go to Chicago
We'll bumpin' and grindin', it's no jokeBaby, I'm Jack, you can be Jill
I wanna carry you up my hill
We don't have to run and hide to make love
But we can go to every city that you think ofBaby, I'm Jack, you can be Jill
I wanna carry you up my hill
We don't have to run and hide to make love
But we can go to every city that you think ofNext, we'll go to HEL in room 112
I'll make your body melt
Next, we'll go to DC
I'll do it deeply but take it easyNext, we'll go to Houston
There's no illusion what we'll be doing
Next, we'll go to Philly
While I'm feelin' you, I know you feelin' meBaby, I'm Jack, you can be Jill
I wanna carry you up my hill
We don't have to run and hide to make love
But we can go to every city that you think ofBaby, I'm Jack, you can be Jill
I wanna carry you up my hill
We don't have to run and hide to make love
But we can go to every city that you think ofOh girl, you and me, me and you
All alone in the room
You will see a lot of things you never seen
Oh, babyYes, I'll have you trembling
Baby, it should be a sin
What I'll do to you, it's so trueIf I had in my way
We'd make love till the day
That's right, yeahBaby, I'm Jack, you can be Jill
I wanna carry you up my hill
We don't have to run and hide to make love
But we can go to every city that you think ofBaby, I'm Jack, you can be Jill
I wanna carry you up my hill
We don't have to run and hide to make love
But we can go to every city that you think ofBaby, I'm Jack, you can be Jill

I wanna carry you up my hill
We don't have to run and hide to make love
But we can go to every city that you think of
