Driveway Blues

Damone

I've been here all day
And thinking about you
And the things I need to change
And how I'll make this last forever
But the more I crave
The more I screw things up
And push you far away from me
And I don't think it's fair
Now I have to go
I'm working out
How to unchain the way I need you in my days
So I can be without the pain
And the more I train
The more you're on my mind... mindI never knew I'd feel this way
About someone until you came
So now I'm losing in my brain
And the more I lose
The more I want to die... die
