I Get Around

California Project

Last week in Atlanta
I met her at the Freaknik
In a black truck
With a short haircut
And a gang of her homies
And she was on me 'cuz she said she liked cali men
So that translated to grits and cabbage early in the morning
She used to scream "TQ, I'll do anything that you want me to
Just come stay with me"
Girl that's somethin' that I can't do
It ain't nothin' wrong with you
Don't take it personal
Let me explain to you
As for me
I just wanna fuck around tonight
But then I gotta leave
Had to be the only one to work your body right
Didn't you know I was A J?
Don't ya get mad at me
Because I never spend the night
So give me yo' keys
Can't you see
I ain't settlin' down
No I ain't settlin' down
'Cuz I get around
Why you lookin' so surprised?
Was you thinkin' different?
Ain't got no problem with firin' up the candlelight
But you gon' have to finish 'em
'Cuz I ain't got time for Valentine presents
I make sure I'm always outta town that day
And if I don't return your message
Don't go gettin' mad, I'll get around to it one day
As for me
I just wanna fuck around tonight
But then I gotta leave
Had to be the only one to work your body right
Didn't you know I was A J?
Don't ya get mad at me

Because I never spend the night
So give me yo' keys
Can't you see
I ain't settlin' down
No I ain't settlin' down
'Cuz I get around
It ain't no need to tell you no lies
I don't want no new girlfriends
No, no, no
Every time I think about

Do a whole lot better without
Somebody sweatin' me
I can't take this sweatin' G
You know you can come to my room
Whenever I'm in town
Don't give a fuck about
Anything you do
When I ain't around
I had to take some time
To let you know exactly what I'm about
'Cuz I'll be back next Sunday
And I'm gon' wanna dig you out
As for me
I just wanna fuck around tonight
But then I gotta leave
Had to be the only one to work your body right
Didn't you know I was A J?
Don't ya get mad at me
Because I never spend the night
So give me yo' keys
Can't you see
I ain't settlin' down
No I ain't settlin' down
'Cuz I get around
As for me
I just wanna fuck around tonight
But then I gotta leave
Had to be the only one to work your body right
Didn't you know I was A J?
Don't ya get mad at me
Because I never spend the night
So give me yo' keys
Can't you see
I ain't settlin' down

No I ain't settlin' down
'Cuz I get around
As for me
I just wanna fuck around tonight
But then I gotta leave
Had to be the only one to work your body right
Didn't you know I was A J?
Don't ya get mad at me
Because I never spend the night
So give me yo' keys
Can't you see
I ain't settlin' down
No I ain't settlin' down
'Cuz I get around, yes
