

# Stability

## Death Cab for Cutie

Time for the final bout  
Rows of deserted houses  
All our stable mates highway bound Give us our measly sum  
Getting the air inside my lungs is heavenly  
Starting out with nothing but crippling doubt We'll rest easy, justified  
Suffered a swift defeat, I'll endure countless repeats  
The gift of memory is an awful curse  
With age it just gets much worse, I won't mind I won't mind, I won't mind, I won't mind Time for the final bout  
Rows of deserted houses  
All our stable mates highway bound Give us our measly sum  
Getting the air inside my lungs is heavenly  
Starting out with nothing but crippling doubt We'll rest easy, justified  
Suffered a swift defeat, I'll endure countless repeats  
The gift of memory is an awful curse  
With age it just gets much worse, I won't mind I won't mind, I won't mind, I won't mind
