G TOP - GRU... - Guru Lyrics - Trust Me Lyricsfeaturing N'Dea Davenport[N'Dea]

I wanna trust you baby

I wanna trust you baby

Wanna trust you baby (trust me I love you)

I wanna trust you baby (trust me I need you)

I wanna trust you baby (trust me I want you)

Wanna trust you babe (trust me)

Trust me I love you

Trust me I need you

Trust me I want you

Trust me..[Guru]

Baby why don'tcha honey why won'tcha

accept the fact that it's not just the knack

that I care, so please let me share

special moments, moments so rare

Check it out, if I could give you the world, you know I'd do it

Everything at your feet - ain't nothin to it

But it's hard sweetheart, and it's rough out here

but I doubt there, is anybody else for me[N'Dea]

Trust me, I love you

Trust me, I need you

Trust me, I want you

Trust me..

Trust me, I love you

Trust me, I need you

Trust me, I want you

Trust me..[Guru]

Mmm the things I feel, they are for real

I'm past the point of dwellin, on the sex appeal

Mad chicks sweat me, but I desire your womanness

Dude sweats you, but I'm the best

Listen, we could build a future together

No doll and I would never soup you ever, never

I'm buggin out, over the thought of you leavin

Tried to step to you, but now you're retreatin[N'Dea]

Trust me, I love you

Trust me, I need you

Trust me, I want you

Trust me..

Trust me, I love you  
Trust me, I need you  
Trust me, I want you  
Trust me..I do believe you do care  
To tell you the truth, I am scared  
Some freaky people out there  
You know?Trust me, I love you  
Trust me, I need you  
Trust me, I want you  
Trust me..[Guru]

I sent you flowers and, I sat for hours and  
contemplated, the state of our affairs and I find there  
is no way out I'm in a love lock  
The funny thing about it I don't wanna even stop, so[N'Dea]

Trust me, I love you  
Trust me, I need you  
Trust me, I want you  
Trust me..

Trust me, I love you  
Trust me, I need you  
Trust me, I want you  
Trust me..[Guru]

So now you know the flavor  
It's not about the stuff I gave ya  
and my behavior is based on strong  
feelings I have, of you and me, it's like a bond  
A treasure, not to be corny but word  
I wanna give you all the joy that you deserve  
I know we argue, sometimes I start to annoy you  
But we should never ever, try to destroy two  
hearts joined, intertwined with a passion  
Give me a chance love, that's all I'm askin  
and furthermore, you can be sure that I'll do  
every little thing you need, yes it's true  
I'm not desperate, but I'm the one for you[N'Dea]

Trust me, I love you  
Trust me, I need you  
Trust me, I want you  
Trust me..

Trust me, I love you  
Trust me, I need you  
Trust me, I want you  
Trust me..Love is so risky y'know  
I want you to do and show  
me all of you openly

Honestly..I wanna trust you baby (trust me, I love you)

I wanna trust you baby (trust me, I need you)

I wanna trust you baby (trust me, I want you)

I wanna trust you baby (trust me)

I wanna trust you baby (trust me, I love you)

I wanna trust you baby (trust me, I need you)

I wanna trust you baby (trust me, I want you)

I wanna trust you baby (trust me)

I wanna trust you baby (trust me, I love you)

I wanna trust you baby (trust me, I need you)

I wanna trust you baby (trust me, I want you)

Wanna trust you babe (trust me)

I wanna trust you baby

I wanna trust you baby

I wanna trust you baby
