

# MRS. GARLAND

## Travis Garland

(Verse)

If I had to write a list  
For the things I can't resist  
I'd write you(Verse)  
No one's made me feel like this  
Call me out on all my shit  
Until you(Pre-Chorus)  
Girl you know that you're so fly  
Where'd you come from? (And I)  
Excuse me miss (And I)  
It's girls like you

Didn't know that ya'll exist I'm done playing games  
I really wanna give you my last name oh(Chorus)  
'Cause I think you just might be Mrs. Garland  
And I'd be crazy not to put a ring on it(Verse)

There's no makeup and sweats  
And she's still the baddest chick  
In that room(Verse)

And when she flashes me that smile  
So spontaneous and wild  
Man I'm through(Pre-Chorus)  
Girl you know that you're so fly  
Where'd you come from? (And I)  
Excuse me miss (And I)

It's girls like you  
Didn't know that ya'll exist I'm done playing games  
I really wanna give you my last name oh(Chorus)  
'Cause I think you just might be Mrs. Garland  
And I'd be crazy not to put a ring on it(Bridge)

So what you talkin bout? Let's go  
Get up in my car, let's roll  
Into a white dress, you know  
You know, you know  
Let's hit the chapel, what you say?  
Girl I can't explain the way that you  
Explain what you be doing to me  
Just give your hand, I'm waiting on your answer  
We can spend forever okay(Chorus x2)  
'Cause I think you just might be Mrs. Garland

And I'd be crazy not to put a ring on it(Bridge)  
So what you talkin bout? Let's go  
Get up in my car, let's roll  
Into a white dress, you know  
You know, you know  
Let's hit the chapel, what you say?  
Girl I can't explain the way that you  
Explain what you be doing to me  
Just give your hand, I'm waiting on your answer  
We can spend forever okay Girl you know that you're so fly  
And I... and I...
