

Family Tree

Kings of Leon

I tell you now that I don't understand
Why everybody gives a big hi-damn
Oh where I'm going to
Don't mean a thing to you I see you sitting in your masquerade
I'd love to pour you some of my lemonade
And get it off alright
We're caught in an early night I know you hate me so, but I ain't gonna go
I'm staying here all right I am your family tree
I know your A to Z
This is a secret proposition lay your hands on me
Not gonna talk about darlin', its so neighborly I see your hands are shaking but
My heart is breaking me down Its a pretty day and I'm gonna get alright
I lost my head and you ain't nowhere in sight
I see you got it all wrong
I got no calls on my phone I just keep holding out, until I find a doubt
That you ain't coming home I am your family tree
I know your A to Z
This is a secret proposition lay your hands on me
Not gonna talk about darlin', its so neighborly I see your hands are shaking but
My heart is breaking me down I am your family tree
I know your A to Z
This is a secret proposition lay your hands on me I am your family tree
I know your A to Z
I got a secret proposition lay your hands on me I am your family tree
I know your A to Z
This is a secret proposition lay your hands on me
Not gonna talk about darlin', its so neighborly I see your hands are shaking but
My heart is breaking me down I see your hands are shaking but
My heart is breaking me down
