Perversion Enthroned

Angel Corpse

Born of sin and sacrifice
The tyrant seed of Germanicus
Destined for kingdoms of slaughter
Morbid revelations and incest
A viper lurking in the bosom of Rome
Wherefore forever stifles the light
He who is fallen
Witching swords and fratricideImmortalized - perversion enthroned
Canonized - champion of ruin
Serpent obscene - walls bleeding black
Sadistic god - CaligulaWalls bleed black with intrigue
Beneath the throne of veneration
Cruelty's banner full eclipse
Success through suffocation
Where brothers kill their fathers
And murdered sons insist
That the fallacy of loyalty
Invokes a serpent's kissExecute
Praetorian master
Sacrificial lamb
Persecute - torment
Blood stained hands
