## Dethklok

Symmetry  
Carbon Calcium Blood  
Find Your Own Disease  
Excellent Breeding Left You Without One  
Try To Be At Ease  
They're Staring Daggers At You  
But You'll Get Your Piece  
You'll Take The Down One By One  
Walk

Symmetry  
Your Infrastrucure Is Planned  
Time To Cut Designs  
Every Threads In Place This Time  
Now You Understand  
The Competition Is stiff  
Got The Upper Hand  
Ready To Strut Your Stuff  
Walk

I Would Kill To Have Your FACE  
I Would Kill To Have Your BODY  
I Would Kill To Have Your SKULL  
I Would Kill To Have Your SKIN  
Breathless You Pose Burning With Spite  
Beauty Is So Crude Contrite  
Venom You Bleed Bile Within  
Knowing Their Fate Architechtt Sin  
Twist And Maneuver You've Practiced Your  
Part  
Starving And Hacking You've Created Art  
Painfully Limping Now This Is Your Life  
Take Them All Down And Raise Up Your Knife  
Breathless You Pose Burning With Spite  
Beauty Is so Crude Contrite  
Venom You Bleed Bile Within  
Knowing Their Fate Architect Sin  
Now Walk
