

# Bruised and Scarred

## Mayday Parade

It all goes back to the first kiss  
It was the one I thought I'd never miss  
Maybe we were one of the lucky ones  
Maybe I'm just not quite strong enough This was supposed to be the easy part  
But breaking down is what I found hard  
Now I'm wearing this smile that I don't believe in  
Inside, I feel like screaming She gave me every reason to believe  
I'd found the one  
But my doubts, somehow  
They sold me out I'm bruised and scarred  
Save me from this broken heart  
All my love will slowly fade and fall apart  
Someone please sing this lovesick melody  
Call my name if you're afraid  
I'm just a kiss away I'm finding out in the hardest way  
The consequence of every mistake I've ever made  
Baby, what's it like to be alone? (Baby, what's it like to be alone?)  
I don't wanna know, I don't wanna know She gave me every reason to believe  
I'd found the one  
But my doubts, somehow  
They sold me out I'm bruised and scarred  
Save me from this broken heart  
All my love will slowly fade and fall apart  
Someone please sing this lovesick melody  
Call my name if you're afraid  
I'm just a kiss away So, baby, be honest  
Is this what you wanted?  
We lost where we started  
And found out much more than we wanna know (More than we wanna know)  
About how we're letting go, oh (About how we're letting go) So, baby, be honest  
Is this what you wanted?  
We lost where we started  
And found out much more than we wanna know I'm bruised and scarred  
Save me from this broken heart  
All my love will slowly fade and fall apart  
Someone please sing this lovesick melody  
Call my name if you're afraid  
I'm just a kiss away
