Stay

Bellefire

I don't have to tell you what it's like
Day's with out you by my side
They run together
Like stormy weather
In the Summertime
And I don't have to tell you how it feels
To wake up in the night without you here
So wrap your arms around me
Show you how you miss me
Say you know how I feel
Stay a little longer
Move a little closer
Stay until you forget to leave
Don't think my heart could take it
Every time you go and break it
The thought of losing you means losing me
When goodbye is too hard to say...
Stay
You don't have to look into my eyes

To know how I feel tonight
Smiling on the outside
Dying on the inside
To keep you here
You don't have to say another word
You should know your thoughts can be heard
Yeah, every time you kiss me
I know you really want me
To help you change your mind
Stay a little longer
Move a little closer
Stay until you forget to leave
Don't think my heart could take it
Every time you go and break it
The thought of losing you means losing me
When goodbye is too hard to say...
Stay
Oh...
Stay [3x]
