

Lipstick

Ariel Pink

Yeah

I'm a blossom across the street
I lie in wait until sundown
I saw it happen
I saw you murder
I watched the knife as it went down
 Into the breast
And now you're runnin' around and around
 Runnin' for cover
 They'll soon discover
 Dead in the street
 Einstein was right

 Red murder
 Hidden in lipstick
 Hidden in lipstick
 Red murder
 Hidden in love

Where are the women
Where are the men
Where are the girls
Where are the girls now
Where are the women
 Where are the men
 Where are the girls
Where are the girls now

I'm a hunter
I flash my teeth
I snuck you into my dog nest
Tail is frozen, headlights in go over
 Einstein was right

 Red murder
 Hidden in lipstick
 Hidden in lipstick
 Red murder

Hidden in love

Red murder
Hidden in lipstick
Hidden in lipstick
Red murder
Hidden in love

Shower me in blood, child
Shower me in lipstick
Shower me in blood, child
Shower me in lipstick

Where are the girls
Where are the girls now
Where are the girls
Where are the girls now

Who is this?
Who am I?
What is this?
Truth is this
That it lies
Truth exists

Who is this?
Who am I?
What is this?
Truth is this
That it lies
Truth exists
