Let Me Love You

Peter Murphy

Love me now until the end of time
See me over your heart in the night
Never let me go until you see
All the scenery and fakin' fall away from meOh, let me love you in the morning light
Oh, let me give you cover until it's alright
Oh, let me feel you come into my arms
La la la, la la, la la, la la la laThe Saints have come over
They stayed all night long
Save your heart 'till the end of time
They say, "Come over now, approach from every side
Give your heart 'till the end of time"Oh, let me love you in the morning light
Oh, let me see you over until it's alright
Oh, I fall so blue, comin' to your arms
Oh, let me see you over, until it's all
