

# Trick

## Whatserface

This is not a direct derogatory towards women

This is only the meaning of what a trick is

Woah

(Trick)

Woah, woah, woah, woah

At the end of the night she think it ain't fun

If the homies can't have none

(Trick)

Woah, woah, woah, woah

(Trick)

If you got a tight back

Woah, woah, woah, woah

She's in it for the night

(Trick)

I ain't, ain't the one

Back up girl you need to chill

You need to slow it down

You move too fast for me, yeah

I'm letting you know the deal

And every time you come around

You're trying to be down

But you keep getting clowned

Girl you need to quit

'Cause don't nobody love a trick

See a trick will give you some

At the end of the night she think it ain't fun

If the homies can't have none

Wanna get your thing on, it won't take long

'Cause a trick will give it up

If you got a tight back

She's in it for the night

For me she ain't the one

'Cause I need a real love

And not just a hit and run

Everybody gets to hit

It don't take much cause you're a freak

If you think he's a playa balling

You'll be on the phone calling

(Trick)

Trying to get a late night creep  
And every time you come around  
You're trying to be down  
But you keep getting clowned  
Girl you need to quit  
'Cause don't nobody love a trick  
See a trick will give you some  
At the end of the night she think it ain't fun  
If the homies can't have none  
Wanna get your thing on, it won't take long  
'Cause a trick will give it up  
If you got a tight back  
She's in it for the night  
For me she ain't the one  
'Cause I need a real love  
And not just a hit and run  
For all the girls with no class  
We don't want it, we don't want it  
For all the girls that move too fast  
We don't need it, we don't need it  
See what I need is a girl who's got my back  
Now jumping in the back of every Jeep or Cadillac  
A girl that don't give it up on the first date  
Can you relate?  
Woah, woah, woah, woah, see a trick gets her some  
At the end of the night she think it ain't fun  
Wanna get your thing on, it won't take long  
Woah, woah, woah, woah  
This is not a direct derogatory towards women  
This is only the meaning of what a trick is  
I need a real love and not just a hit and run  
See a trick will give you some  
At the end of the night she think it ain't fun  
If the homies can't have none  
Wanna get your thing on, it won't take long  
'Cause a trick will give it up  
If you got a tight back  
She's in it for the night  
For me she ain't the one  
'Cause I need a real love  
And not just a hit and run  
At the end of the night she think  
It ain't fun if whoa, whoa, yeah  
Wanna get your thing on  
It won't take long

'Cause a trick will give it up  
See I need a girl who's right for me  
Someone that will love me endlessly, yeah  
I need a real love and not just a hit and run  
At the end of the night she think  
It ain't fun if woah, woah, yeah  
Wanna get your thing on it won't take long  
'Cause a trick will give it up  
See I need a girl who's right for me  
For me she ain't the one  
See a trick will give you some  
Woah, woah, woah, woah
