

# In the Name Of Tragedy

## Motörhead

Were you ever lost, were you ever young  
Were you ever safe, little brother?  
Do you see the sense of the evidence  
Are you still part of the struggle? Did you bang your head, did you go to bed  
Does it still feel pretty funky?  
Lay back and dream in the death machine  
Pity you still think like a monkey Bring it up, bring it down til you hit the ground  
Got a rude attitude, turn the world around  
Shall we see, shall we disagree  
Sing it all in the name of tragedy Did you ever lie, ever wonder why  
Nobody believed you, honey?  
What a pretty smile, drive the people wild  
Wonder who ran off with the money Do you ever change, is it gonna rain  
Will it bring you pennies from heaven?  
Do you know the score, are you waiting for  
Anxious for the new Armageddon? Live it up, live it down til we hit the ground  
Cop a rude attitude from the world around  
Shall we see, shall we disagree  
Sing it all in the name of tragedy Marbles in your mouth, what's it all about  
Do you know the name of the winner?  
If I was to go, would you let it show  
Life is not a TV dinner If you dream of me, will you ever see  
Do you want a piece of the action?  
If I wasn't sure, would you do it more  
Help me to achieve an erection? Get it up, get it down til you hit the ground  
Cop a rude attitude, turn the world around  
Shall we see, shall we disagree  
All in the name of tragedy Sing it loud, sing it out, make the people shout  
Get it all, get it on, get it sorted out  
Be a seer, be sincere, can you really see  
All in the name of tragedy
