

# What Turns You On

Katie Thompson

(Verse 1)

If Im really bewitching you  
Willingly tricking you  
And you know that its all a game  
Why are you  
Standing in front of me  
Eyes like youre loving me  
Hoping to kiss on my innocent face

(Chorus)

cause if there's no fight  
if wrong is right  
you know the game we're playing.  
Is it that you want me  
your accessory  
what youre really saying is  
you might..  
you cant get enough  
the challenge, unbalanced the obsessive love  
its thrilling  
appealing  
Ooooo when its gone  
Its chronic. Hypnotic  
Its

What turns you on

(Verse 2)

Lets do an experiment  
act like lady and gentlemen  
wear intention on our sleeves  
do you think  
Youd make it through the night  
Knowing theres nothing to hide  
From a woman who loves openly

(Chorus)

cause if there's no fight  
if wrong is right  
you know the game we're playing.  
Is it that you want me  
your accessory  
what youre really saying is

you might..  
you cant get enough  
the challenge, unbalanced the obsessive love  
its thrilling  
appealing  
Ooooo when its gone  
Its chronic. Hypnotic.. It is  
What turns you on  
Im still a good girl  
and even now, it feels so strange to play  
but Ive been good long enough  
to give all my heart see it torn apart  
I didnt know the game  
So have it your way  
(Chorus)  
cause if there's no fight  
if wrong is right  
you know the game we're playing.  
Is it that you want me  
your accessory  
what youre really saying is  
you cant get enough  
the obsessive love  
its thrilling  
appealing  
Ooooo when its gone  
Its chronic. Hypnotic.. It is  
What turns you on  
If Im really bewitching you  
Willingly tricking you  
And you know that its all a game  
Dont make me play.
