

Everyday

Def Leppard

I gave in when you gave out
You show me the way to love
There ain't no doubt
I was together and never apart
Disappeared, didn't say a word
I slept right through
Guess I never heard
Now, I'm awake but I wish I was dreaming
Everyday
Without you in my heart
Everyday
I was fallin' apart and I know you know I think about you
Everyday
I woke up and you were gone
But just one night without you is too long
Sleepin' with the ghost of you
Dyin' with or without you
Don't wanna be this way tomorrow
Everyday
Without you in my heart
Everyday
I was fallin' apart and I know you know I think about you
Everyday
Don't know what you got until it's gone
Everyday
Without you in my heart
Everyday
I was fallin' apart and I know you know I think about you
Everyday
Till I see you again
Everyday
I was tryin' to pretend that I know you know I think about you
Everyday
Out of my head I was dazed and confused
I'm lost but it's you that I don't wanna lose
We talk to give in and ourselves to each other
