

# Bullet Soul

## Switchfoot

I wanna sing one for all the dreamers  
I'm singing this one for the sparks  
Here's one for the friction makers  
We are the bleeding hearts  
Don't care whoever you are We rise and fall together  
Our hearts still beat below  
You can't stand by forever  
You're a kid with a bullet soul Are you ready to go?  
Are you ready to go? I wanna turn up the radiation  
I wanna glow in the dark  
Love is the one true innovation  
Love is the only art  
Don't let 'em blow it apart We rise and fall together  
Our hearts still beat below  
You can't stand by forever  
You're a kid with a bullet soul Are you ready to go?  
Are you ready to go?  
Are you ready to go? We are the children of the scar  
I wanna start from the start We rise and fall together  
Our hearts still beat below  
You can't stand by forever  
You're a kid with a bullet soul Are you ready to go?  
Are you ready to go?  
Are you ready to go?  
Are you ready to go?
