On My Own

Purpose

Chorus:I been on my own, I been on my own
Out here tryna get it all out on my own
Since the fam went to prison I been on my own
Since the day I went to prison I been on my own
Since fam got killed I been on my own
Out here tryna get it all out on my own
Heart turned cold cause I been on my own
I can't trust nobody cause I'm on my own
I been on my own yeahVerse 1:Lord forgive me bless me with patience
The way my life been looking I can't even take it
Since my dog got killed
his mother I can't face her
Cause all I see is pain when I look in her eyes
I can say it's gone be okay but that's a lie
For my dog I strap my boots up and than I ride
I know if it was me, he'll do the same for me
Hop out and bang for me
Do a L in the chain gang for me yeah
Yo so called dogs ain't what they claim to be
To be honest seem like them niggas done changed to me yeah
Ma said they ain't come through in bout a couple weeks
I told them niggas be loyal and
stop screaming rest in peace yeah
When I die hold a spot for me
Somewhere in the sky
you looking down on me yeah
Pray I don't fall victim to these fucking streets
Thug mansion with you is where I rather be yeahChorus:I been on my own, I been on my own
Out here tryna get it all out on my own
Since the fam went to prison I been on my own
Since the day I went to prison I been on my own
Since fam got killed I been on my own
Out here tryna get it all out on my own
Heart turned cold cause I been on my own
I can't trust nobody cause I'm on my own
I been on my own yeahVerse2:Mama I'm sorry for the pain I'm giving
This was the only way to get it
due to our conditions
had to jump up off that bench

to make some ends
Keep my circle tight
due to all my past decisions
No way in hell I should've
let them caught me slipping
Now I'm cautious how I'm dealing with these fucking niggas
Daddy taught me loyalty since day one
If I'm not with my bitch I'm with my day one's yeah
I can't trust nobody, I can't trust nobody
I keep that 40 on me like an issued ID
No I am not no sample please don't try me
Plus I'm all about them bucks like a fucking shotty
I been working hard to get us out the damn hood
I'm tired of leftovers and great value can goods
So I'm gone keep on striving only the strong survive
Cuz keep doing yo thing while you in college man them doors gone open wideChorus:I been on my own, I been on my own
Out here tryna get it all out on my own
Since the fam went to prison I been on my own
Since the day I went to prison I been on my own
Since fam got killed I been on my own
Out here tryna get it all out on my own
Heart turned cold cause I been on my own
I can't trust nobody cause I'm on my own
I been on my own yeahTalking:I put my life on every track man
I done seen niggas fold
I done seen niggas stand in the paint
I had to do a whole 365 for a snitch ass niggas
I gotta go and get it now than I'm home man
Never seen my child born
