Who's Fooling Who

Khemistry

You're so bad, you look so good
Charisma of a playboy who made it big in Hollywood
The money so fine, you're livin' high
The women, wine
You fly to the parties but you won't be caught
Unless you bring a crowd, all the friends you bought
'Cuz you wanna be sure
Your smile is seen and your lookin's good
I know I have become much stronger now these days
I don't need that kind of love, I'm on my way
Who, who's fooling who? No matter what you think or do
Oh, I can see right through so who's fooling who? My, my
You don't even listen to me when I shout
Being at the top is all that you're concerned about
But someday baby
You're gonna be meeting me again
You got two faces for every move

You've done it for so long, they all look good on you
But it's too late baby
You looked in your mirror too long again
I know I have become much stronger now these days
I don't need that kind of love, I'm on my way
Who, who's fooling who? No matter what you think or do
Ooh baby, I can see right through, so tell me who's fooling who?
I know I have become much stronger now these days
I don't need that kind of love, I'm, I'm, I'm on my way
Who, who's fooling who? No matter what you think or do
I can see right through, who's fooling who?
Who, who's fooling who? No matter what you think or do
I can see right through, who's fooling who?
Who, who's fooling who? No matter what you think or do
I can see right through, who's fooling who?
