Same Old Story

Discipline

I donÂ´t want you around, I donÂ´t want you near.
But you just donÂ´t seem to get it clean.
That thereÂ´s no future together for me and you.
For all these years youÂ´ve been around.
You cheated on me youÂ´ve tried to drag me down.
Always and always - Forever without you

DonÂ´t want to spend my time together with you
DonÂ´t wanny hear a word Â´cuz nothing you say is true
DonÂ´t want to spend my time together with you
I want to live my life forever without you

I took a turn, I went separate way.
Just find yourself a new toy to play.
I never want you back in my life again.
You only talk and think about yourself.
Why donÂ´t you shut up and go to hell.
Always and alway - Forever without you
