Still Searchin'

Damian Marley

Some gal in the twinkling of an eye
Well ready fi come pull down mi Karl Kani
Oh, come on now tell me how can I
Love ah, one dat really don't deserve me?
Nah try fi keep and nah try preserve me
Me is ah boy, could get a whole heep ah girl, ya heard me
Many are called but only few deemed worthy
Body have ta physically strong and sturdy
Spiritually balanced fi clean and purge me
Mentally advanced fi always urge me
To Read couple books and challenge the clergy
Read a couple psalms up inna the morning early
Could you be so kind and show me a sign
I've been searching and it's so hard to find
Decent values with a decent wine
Decent jubee running it down the line
Maybe it's my mind, maybe I'm blind
Maybe it's the way that I've been spending my time
I'm still searching for a fine peace of mind
Decent jubee running it down the line
A little child has grown and he's got love on his mind
But what he'll never know a virtuous woman is hard to find
And dat's when she said she feels the pain
And she'll never fall in love again
So if you is a gal with whole heep of value
What a valuable nice and decent gal you
When I get you I'll be glad I got you
Then stand firmly inna your life like statue
Seen some old tings seen some young tings
Seen some little silly go and come tings
Seen some one night just for fun tings
What a indecent piece ah, some ting
Be so kind den show me a sign
I've been searching and it's so hard to find
Decent values with a decent wine
Decent jubee running it down the line

Maybe it's my mind, maybe I'm blind
Maybe it's the way that I've been spending my time

I'm still searching for a fine peace of mind
Decent jubee running it down the line
Some say that love is blind
But he keep saying, not this time
So all he need is love to keep his heart in line
But dat's when she said, "Lord I feel the pain"
And she'll never fall in love again
You have some gal ah, come 'pon man premises
And ah, fling up the ting that's between di knees
And ah, full up man head with false promises
Oh, dutty bungle please, couldn't want to run that
So fast wid ease been there dun that my main
Squeeze is natural, simply natural
Could you be so kind then show me a sign
I've been searching and it's so hard to find
Decent values with a decent wine
Decent jubee running it down the line
Maybe it's my mind, maybe I'm blind
Maybe it's the way that I've been spending my time
I'm still searching for a fine peace of mind
Decent jubee running it down the line
A little child has grown and he's got love on his mind
But what he'll never know a virtuous woman is hard to find
'Cause that's when she said she's feeling pain
It seems they have fallen in love again
That's when she said, "Lord I feel the pain"
And now they're standing in love again
So tell me ah, when price tag gone pon Inaany
Gal ah, love man for Benz and Ferrari
Little one eyed brethren weh name Omari
Couldn't get no loving since him start sell stary
Some girl in the twinkling of an eye
Dem ah ready fi come pull down mi Karl Kani
Oh, come on now tell me how can I
Love ah, one dat really don't deserve me?
