

# Feel Like Movin' (Leon Vynehall Remix)

## The Juan MacLean

If you feel like moving  
If you feel like grooving  
If you feel like stepping, stepping  
Put your feet on the dance floor  
And show me what you're made of  
Get your mind on loving  
Get your mind on laughing  
Get your mind on living  
You're living  
Put your feet on the dance floor  
And show me what you're made of  
Music's gonna shake you  
Music's gonna make you  
Good times gonna take you to heaven  
Put your feet on the dance floor  
And show me what you're made of  
So let your heart get crazy  
And let your head get dizzy  
Let yourself get busy, it's easy  
Put your feet on the dance floor  
And show me what you're made of  
It's the perfect night to get away  
It's the perfect night to get away  
It's the perfect night to get away  
It's the perfect night to get away  
If you feel like moving  
If you feel like grooving  
If you feel like stepping, stepping  
Get your mind on loving  
Get your mind on laughing  
Get your mind on living  
You're living  
Music's gonna shake you  
Music's gonna make you  
Good times gonna take you to heaven  
So let your heart get crazy  
And let your head get dizzy  
Let yourself get busy, it's easy  
It's the perfect night to get away  
Our love will last forever and a day  
Let's get loose, let's take it all the way  
It's the perfect night to get away  
It's the perfect night to get away  
Our love will last forever and a day  
Let's get loose, let's take it all the way  
It's the perfect night to get away  
It's the perfect night to get away  
Our love will last forever and a day

Let's get loose, let's take it all the way  
It's the perfect night to get awayIt's the perfect night to get away  
It's the perfect night to get away  
It's the perfect night to get away  
It's the perfect night to get awayIt's the perfect night to get away  
It's the perfect night to get away
