

# Far from Home

## Fever Fever

Weve hung up our harps  
But the music dont stop  
Because you sang a song, deep in our hearts  
We sing to the stars  
But they dont sing back to us  
No they dont sing back to us  
They just point on and on and onWeve hung up our harps  
But the music wont stop  
Because you sang a song, deep in our hearts  
We weep by the shores  
But the river runs calm and still  
The river runs calm and still  
And it flows on and on and onOh were so far from homeOh were so far from home
