Back To Blue

The Connells

This new neighborhood ain't no good
Am I understood?
Something's wrong but there's nothing
I can put my finger onI wanna get back to blue
Wanna get back to blueAn acquired task your smilin' face
But just don't get me wrong
It just gives me the creeps
When l hear you laughing in your sleepI wanna get back to blue
Wanna get back to blueI wanna get back to the things we used to do
Think l'm going back again tonight
Ain't it funny how it ain't funny at all
I think l'm going back again tonightI wanna get back to blue
Wanna get back to blue
