

# Back To Blue

## The Connells

This new neighborhood ain't no good  
Am I understood?  
Something's wrong but there's nothing  
I can put my finger on I wanna get back to blue  
Wanna get back to blue An acquired task your smilin' face  
But just don't get me wrong  
It just gives me the creeps  
When I hear you laughing in your sleep I wanna get back to blue  
Wanna get back to blue I wanna get back to the things we used to do  
Think I'm going back again tonight  
Ain't it funny how it ain't funny at all  
I think I'm going back again tonight I wanna get back to blue  
Wanna get back to blue
