

# Whole Lotta Trouble

## Ape Hangers

Would you change your mind at the very last moment  
Would you say stop for a second  
I'll bet you could think for a minute  
In the mornin' light he says when will I see you? She says "I don't think tomorrow, baby"  
Sometimes I wonder if things would change if we stayed together  
Would you change your mind at the very last minute  
I think you should stop for a second think for a moment This could be a whole lotta trouble  
Whole lotta trouble, whole lotta trouble for you  
Well this could be a whole lotta trouble  
Whole lotta trouble, whole lotta trouble for you And the Angel said well you must have had a dream  
And you remember it 'til the dream followed through  
Till the one end of the dream and the dream came true  
When I want somethin' I get it You'd better go he says "Yes I think I better"  
Stop for a moment, I think you should think for a minute  
Would you change your mind, at the very last minute  
When I want somethin' I get it Whole lotta trouble  
Whole lotta trouble, whole lotta trouble for you  
Well this could be a whole lotta trouble  
Whole lotta trouble baby, whole lotta trouble for you Oh yeah, oh yeah not guilty, have mercy  
Oh he said you could be my prisoner  
Well you're not living in the real world  
You're not living in the real world You're not my friend you're not my love  
And this is somethin' that we really don't discuss  
Where are you, sometimes I hear you crying  
And I wake up and I get through it Well this could be a whole lotta trouble  
Whole lotta trouble, whole lotta trouble for you  
Well this could be a whole lotta trouble  
Whole lotta trouble baby, a whole lotta trouble for you Well this could be a whole lotta trouble  
Whole lotta trouble, whole lotta trouble for you  
Well this could be a whole lotta trouble  
Whole lotta trouble baby, a whole lotta trouble for you Whole lotta trouble, trouble  
Whole lotta trouble, whole lotta trouble for you Well this could be a whole lotta trouble baby  
Whole lotta trouble baby, whole lotta trouble for you  
This could be a whole lotta trouble  
Whole lotta trouble baby, a whole lotta trouble for you
