Forgetful Assistance

The Elwins

I won't budge, I won't fight
Rolling on til it's right
Makes it hard, and it's tough
Hand to hold, teeth to brush
And I'm happy to say
That I'm going this way
I don't need to forget with assistance
You know it's trueThat nothing's ever gonna change
Nothing's ever gonna change
Things'll be staying the same
We aren't gonna change
But you'll be back againLike a pancake so sweet
We conform under heat
Lock me up then shoot me down
Leave my legs all aroundNothing's ever gonna change
Nothing's ever gonna change
Things'll be staying the same
We aren't gonna changeOh, it's hard to see
within this foggy mystery
Pushing up daisies
while I try to catch the breeze
Making a mistake
and while I'm shaken to my knees
Spite turns to passion
And you turn to meNothing's ever gonna change
Nothing's ever gonna change
Things'll be staying the same
We aren't gonna
Chang-Change
