

# Always Been Your Love

## Hot Chip

I have always been your love  
I have always been your love  
(You know I've been thinking)  
When I think of all the places we have been  
I don't know if I have been another thing  
In our heads there's always been of a dream of all we longed to belong to  
I don't know if I will be the same again  
The same again  
I have always been your love  
Hand it down in open love letters  
I have always been your love  
Let us write ourselves in right now  
I don't know if I can look away again  
I don't know which way my gaze will fix to mend  
In our heads there's always been a dream of all we longed to belong to  
I don't know why you don't know my name and I have to remind you  
I have to remind you  
I have always been your love

Hand it down in open love letters  
I have always been your love  
Let us write ourselves in right now  
I have always been your love  
I have always been your love  
(You know what I'm talking about  
Are you wounded and dying?  
I'll always be around  
He won't do no harm to us  
I've always had your back  
So don't feel down  
Cause I'll always be around)  
I have always been your love  
Hand it down in broken love letters  
I have always been your love  
Let us write ourselves in right now  
I have always been your love  
I have always been your love
