My whole world is falling down
Falling down, falling down
My whole world is falling down
I'm losing my baby
You told me that your love for me was true
Said you'd love me your whole life through
But now you're asking me to set you free
You've found somebody you love more than me
My whole world is falling down
Falling down, falling down
My whole world is falling down
I'm losing my baby

I miss your lovin' that was so fine
I need it, I need it all of the time
For I still love you in the same old way
Yet I'm losing you a little more every day
My whole world is falling down
Falling down, falling down
My whole world is falling down
I'm losing my baby
My whole world is falling down
Falling down, falling down
My whole world is falling down
