

The Nearness of You (With David Foster)

Kenny Rogers

It's not the pale moonlight that excites me
That thrills and delights me, oh, oh no
It's just the nearness of you And oh, it isn't your sweet conversation
That brings this sensation, oh no, darlin'
It's just the nearness of you, of you When you're in my arms
I feel you so close to me
And all my wildest dreams
Don't you know darlin'?
They come true, oh yes, they do It's not, it's not the pale moonlight that excites me
Darling, that thrills and delights me, oh no, no, no, no, no
It's just the nearness of you
