Big Fish

Zox

Sometimes I think it would be better If you just walked away And stopped returning phone calls Come out to see the band playLady, Leave me, I will love you more Sometimes I only speak when I'm ignoredBig fish, little fish don't swim back to me

Eww eww eww

Circle my ship and slip back into the sea

Eww eww eww

I'm sending out a

Warning 'cause I think you oughta know

If catching you is easy then I'm gonna have to let you goSometimes I wish you wouldn't smile

Every time I come around

And pick me up so easily

Every time I let you downAnd baby

Make me

Crazy

If you can Miscommunicate to make me UnderstandBig fish, little fish don't swim back to me Eww eww eww

Circle my ship and slip back into the sea

Eww eww eww eww

I'm sending out a

Warning 'cause I think you oughta know

If catching you is easy then I'm gonna have to to let you goLet you go home I can swim like a stone againBig fish, little fish don't swim back to me

Eww eww eww

Circle my ship and slip back into the sea

Eww eww eww

Big fish, little fish don't swim back to me

Big fish, little fish don't swim back to me

Big fish, little fish don't swim back to me
