Help Somebody Cry

Greg Long

Someone you care about
has a broken heart
you want to be a friend
but you don't know where to start
there are other words to say that could ever be enough
how can you show then your love

Chorus:
Help somebody cry
be there for their tears
God will use your life
to show that he is near
there's no easy way
to make it feel alright
you don't have the answer a while
help somebody cry

verse ii:

Time may heal the wound
but that doesn't matter now
so lend a friend your faith
walk them through the dark

chrous....

bridge
sometimes theres something you can do
but hold somebodys hand and
break them through
yeah

there are other words to say that could ever be enough
how can you show then your love
