Super Good Feeling

Bleach

My days are getting better
Since I read Your letter, everyday
Now, things are so much clearer
Since I let you You nearer, everydayI just can't wait to breathe this air
Inside me, inside me
I just can't wait to see You there
Beside me, beside meI got a super good feeling about today
I got a clue that it's You
And You're never gonna go awayMy world is spinning towards You
I fall down before You, everyday
I close my eyes together
Jesus, You forever, everydayI just can't wait to see You there
Beside me, beside meI got a super good feeling about today
I got a clue that it's You
And You're never gonna go awayI got a super good feeling about today
I got a clue that it's You
And You're never gonna go awayYou are holy, You are great
You are super in every way
You are holy, You are great
You are superI got a super good feeling about today
I got a clue that it's You
And You're never gonna go awayI got a super good feeling about today
I got a clue that it's You
And You're never gonna go awayI got a super good feeling
I got a super good feeling
Super good
