A Bitter Song

Butterfly Boucher, Butterfly Boucher

All I need is a bitter song to make me better. Much better.
All I need to write is a bitter song to make me better. Much better.
Mmmm Mmmm Mmm
Mmmmm mmmm mmmm
It found me to hold me, but I don't like it at all.

Won't feed it, won't grow it, it's folded in my stomach.
It's not fair, I found love.
It made me say that.
Get Back you'll never see daylight, If I'm not strong, it just might.
All I need is a bitter song, to make me better. Much better.
All I need to write is a bitter song to make me better.
I feel better, I feel better.
