Drop

Lola's Riot

[Verse 1]

Welcome my friend
Letâ€™s play this game
Where Devil and God
Have now become the same
Here beauty and greed
Are both adored
Here life now seems
A cheap old whore

Come on my friend
Come on, I am no more

[Verse 2]

I am in debt
With your Young soul
For I have given you
What you sought

But you want more
Your spirit feels
That somethingâ€™s lost
And nothingâ€™s real

I am no more
My friend, I am no more

[Chorus]

Come on, my friend
Letâ€™s go insane
Now heaven and earth
Are both a dancing game

[Verse 3]

The light, my friend I cannot find

No longer can I stay between the blind

The raging wind
Whispers my name
I'd rather fly
Than stay this way

I am no more
My friend, I am no more

[Chorus]

Come on, my friend
Letâ€™s go insane
Now heaven and earth
Have both become the same

Come on, my friend
Letâ€™s go insane
Now heaven and earth
Are both a dancing game

[Instrumental bridge]

[Guitar solo]

[Chorus]
Come on, my friend
Letâ€™s go insane
Now heaven and earth
Are just a dancing game

[Outro]
A dancing game
A dancing game
A dancing game
