

Baby Let Me Scream At You

Adam Ant

Say it girlfriend, say it aha
Say it girlfriend, say it aha
Say it girlfriend, say it aha

Well this is this and that is that
Though shrinks say they know better
But people making love says more
Than any word or letter

He's not too good with books and such
No not too good with that
But he's got knowledge nice and raw
And lots of nifty chat

Baby let me scream at you
You can decline of course
I'm talking to your girlfriend
Give me some chili sauce

Say it girlfriend, say it aha
Say it girlfriend, say it aha
Say it girlfriend, say it aha

Baby let me scream at you
You can decline of course
I'm talking to your girlfriend
Give me some chili sauce

Well this is this and that is that
Though shrinks say they know better
But people making love says more
Than any word or letter

She's not the subtle kind at all
Don't give her life from books
But girls are girls are girls are girls
And boy she's got the looks

Get in get on get down get off
Get up get dressed get out

And if you find a better way
Pick up the phone and shout

Get in get on get down get off
How fond of milk you are
Don't be a Mrs. Hangup girl
Beaucuop de Chocolat

Baby let me scream at you
You can decline of course
I'm talking to your girlfriend
Give me some chili sauce

It's that moment when you know it
A first glance let's you show it
That something good will happen here tonight
And far across the room
So deep inside her spoon
You passions like a spear of true delight

Get in get on get down get off
Get up get dressed get out
And if you find a better way
Pick up the phone and shout

Get in get on get down get off
How fond of milk you are
Don't be a Mrs. Hangup girl
Beaucuop de Chocolat

Baby let me scream at you
You can decline of course
I'm talking to your girlfriend
Give me some chili sauce

Get in get on get down get off
Get up get dressed get out
And if you find a better way
Pick up the phone and shout

Get in get on get down get off
How fond of milk you are
Don't be a Mrs. Hangup girl
Beaucuop de Chocolat

Baby let me scream at you

You can decline of course
I'm talking to your girlfriend
Give me some chili sauce

Baby let me scream at you
You can decline of course
I'm talking to your girlfriend
Give me some chili sauce
