

Southern Comfort

Charlie Farley

Letâ€™s go, letâ€™s go, letâ€™s go, letâ€™s go

It ainâ€™t a bottle, they donâ€™t make a drink that strong, it ainâ€™t a drug but itâ€™ll get in your blood, and then
youâ€™ll be higher than ever.

Naww, there ainâ€™t another place Iâ€™d ever wanna live, and if you from around here you know just how it is, Yea
you know how it is, Southern Comfort.

Well, itâ€™s an Arkansas night, sweet as a Georgia peach, more love than them lullabies coming out of Tennessee,
funner than a Mardi Gras on a Louisiana Street, stronger than the shine thatâ€™s stilled in them hills of Kentucky.

No it ainâ€™t a model thatâ€™s got me going full throttle, all through the night like plum on into tomorrow.

Naww, Its heaven on earth and you can find it as soon as the pavement turns into dirt.

It ainâ€™t a bottle, they donâ€™t make a drink that strong, it ainâ€™t a drug but itâ€™ll get in your blood, and then
youâ€™ll be higher than ever.

Naww, there ainâ€™t another place Iâ€™d ever wanna live, and if you from around here you know just how it is, Yea
you know how it is, Southern Comfort.

Hot as that Texas heat, we party like CMT, down south, down here, we cool as a Carolina creek, Harder to beat
than SECC Alabama team, Easier to love than a Florida beach.

We keep it spicy as a Cajun, and stay star gazing, to say its amazing is an understatement, Iâ€™m in love with this
place. Laid back as a wino but tougher than a couple rhinos. If you trying to start it youâ€™ll find no backing down.

Itâ€™s beautiful as a sunset in my hometown, come to think about it, thatâ€™s where Iâ€™m headed now. With my
the clouds because itâ€™s heaven on earth and you can find it as soon as the pavement turns into dirt.

It ainâ€™t a bottle, they donâ€™t make a drink that strong, it ainâ€™t a drug but itâ€™ll get in your blood, and then
youâ€™ll be higher than ever.

Naww, there ainâ€™t another place Iâ€™d ever wanna live, and if you from around here you know just how it is, Yea
you know how it is, Southern Comfort.

Itâ€™s a sunset view from hilltop high, with an eagle flying under that blue bird sky. Itâ€™s a short trip to a long bac
road ride, where you sip beer and relax and just enjoy life. Itâ€™s a john boat with your name spray painted on the
side. It is not knowing a thing above the Mason Dixon Line. It is wanting to leave it then coming back every
time. Itâ€™s a place hard to explain, but I damn sure tried.

Letâ€™s go, letâ€™s go, letâ€™s go, letâ€™s go

It ainâ€™t a bottle, they donâ€™t make a drink that strong, it ainâ€™t a drug but itâ€™ll get in your blood, and then
youâ€™ll be higher than ever.

Naww, there ainâ€™t another place Iâ€™d ever want to live, and if you from around here you know just how it is, Yea
you know how it is, Southern Comfort.
