

Seven Sports for All

China Crisis

Shining with character
Swaying with your rhythm
I'm never making gestures
I haven't got the time Movements which involve persons changing
Movements which involve persons changing
Seven sports for all Slip, slip through your image
Pointed steel and jealousy
I feature in a future
I haven't got the time Movements which involve persons changing
Movements which involve persons changing
Seven sports for all Shining with character
Swaying with your rhythm
I'm never making gestures
I haven't got the time Movements which involve persons changing
Movements which involve persons changing
Seven sports for all Movements which involve persons changing
Movements which involve persons changing
Seven sports for all Movements which involve persons changing
