How High the Moon

Chet Baker

Somewhere there's music How faint the tune Somewhere there's heaven How high the moon There is no moon above When love is far away too Till it comes true That you love me as I love youSomewhere there's music How near, how far Somewhere there's heaven It's where you are The darkest night would shine If you would come to me soon Until you will, how still my heart How high the moonSomewhere there's music How faint the tune Somewhere there's heaven How high the moon The darkest night would shine If you would come to me soon Until you will, how still my heart How high the moon
