

My Love Is for Real (R&B Remix)

[Paula Abdul](#)

My love

My love is for real I made mistakes when I played with your mind

Gave you excuses with each story line If you ask me how I feel

My love is for real Watching you wondering what I feel inside

Deep in my soul I've got nothing to hide If you ask me how I feel

My love is for real If you ask me how I feel

My love is for real So baby, please don't worry

I wanna make it better, I wanna be your only love This time I'll understand you, I'll never leave your side

This time it's got to be for you Let's put an end to these long lonely nights

Things that were once wrong now turned out all right If you ask me how I feel

My love is for real If you ask me how I feel

My love is for real You told me, you loved me, you said that

I need you, you want me, I told you So baby, I won't tease you

I'm gonna make it better, I'm gonna be your only love This time I'll understand you, I'll never leave your side

This time it's got to be for you, oh baby If you ask me how I feel

I won't tease you

If you ask me

My love is for real, oh baby I said, "If you ask me how I feel

If you ask me, I won't tease you"

My love is for real

My love is for real

My love is for real
