# Strong

## Will Hoge

He's a 20-year straight get to work on time
He's loved one woman for all his life
He's a shirt off his back give you his last dime
He's strong.He's a need to move something you can use my truck
He's an overtime worker when the bills pile up
Everybody knows he aint just tough
Hes strong.Strong,
Hell pick you up and wont let you down
Rock solid inside out
Somebody you can trust
Steady as the sun
Aint nothing gonna knock him off the road hes rolling on
He's strongIt aint what he can carry, what he cant lift
Its a dirt road lesson talking to his kids
Bout how to hold your ground and how to live strongHe's strong
Hell pick you up and wont let you down
Rock solid inside out
Somebody you can trust
Steady as the sun
Aint nothing gonna knock him off the road hes rolling on
Hes strongStrong, like a river rolling
Strong, gonna keep on going
Strong, when the road runs out
Their gonna keep on talking about how he wasStrong, strong
Hell pick you up and wont let you down
Rock solid inside out
Somebody you can trust
Steady as the sun
Aint nothing gonna knock him off the road hes rolling on
He's strongEverybody knows he aint just tough, hes strong
