Bustin' a Nutt (2001 Redux)

Tub Ring

When it's late it always seems to get the best of me
Palms start sweating my hands start shaking my libido running free
I've been taught since I was a young lad I should repress the urge
But if I don't ditch my pants real soon I think they're gonna burstPsysical attention
I want nothing less then sex
When I want to see dirty pictures
I'll download them off the netOne on one, or two on one, or seventeen on four
Think it's kinda funny that I made a mess so wipe it off the floor
Going out and picking up chicks in my new bitching car
Placing out a personal ad in search of the bizzareCoat myself in rubber
Then I plan to take it off
Visit to the doctor
Where I drop my pants and cough
