

My Sexual Life

Everclear

People you know try to tell you things
Bad things that you don't wanna hear about
Tell you tomorrow what you did today
Just remember, it's a small town
It's a real small town She gets tired of all the stupid boys
She can't wait until they're done
She wants a man who can take his time
She wants someone who can make her come
Yeah, can you make me come? You always say you want a simple life
You and me both know that you are a liar
You always say you want a simple life
Hearin' you talk just makes me tired Swim in the heavy water
Buried in the sand
Happy hearts fall from my shaking hands
I can't hide my sexual life He always says he wants a special one
But you watch his head go spinnin' around
He really wants anyone who'll give it up
He seems to forget he's in a small town You always say you never fuck around
You say this town is just plain full of liars
Yeah, you always say you never fuck around
Hey, hearin' you talk just makes me tired Swimmin' in the heavy water
Buried in the sand
Happy hearts fall from my shaking hands
I can't hide my sexual life No no no no no no no no no no
No no no no no no no no no no
I can't hide my sexual life Yeah yeah, swimmin' in the heavy water
Buried in sand
Happy hearts fall from my stupid hands
I can't hide my sexual life My sexual life, my sexual life
My sexual life, my sexual life
